

UNIVERSITY EAST PERTH BOYS' CLUB

Information courtesy of Roger and Helen Gray

Began as a spin off from the camp.

For boys who had been to camp and that lived in the East Perth area.

They operated in St Bartolemew's Hall, an old church hall in East Perth.

Most of the helpers came from St George's College

20-40 boys arrived between 6.30 and 9.30pm.

They were instructed (in a friendly way) in gym, boxing, games and some elementary trades such as shoe repair and carpentry.

There were no real restrictions on attendance because the attendees were from the underprivileged local area.

Some people that helped at the UEPBC could not go on camps because they worked all summer and some campers never got involved with UEPBC.
